PARENTS MEETING

February 27, 2013 at 6 PM
Brighton High School

The Crusher Mission

To provide a high quality atmosphere for kids and high school wrestlers to train at a low cost and have the opportunity to reach their full potential.

The Crusher Purpose

We see the need for an affordable, highly competitive wrestling club in Davis and Weber Counties. When building successful high school programs, building and maintaining a club to feed into that program is a constant foundation. Crusher has put together a coaching staff that has experienced what it takes to reach your full potential. With our staff, the opportunity for kids to improve their wrestling skills is certain if they put in the time and work. Most competitive clubs in Utah are expensive. At Crusher, it is our goal to minimize the cost as much as possible, while having the wrestler take ownership of their training and successes.
